

COVID-19 Flowchart for Students and Staff Members

- 1) This flowchart is valid for people of normal health, without underlying illness.
- 2) Always start at “start” and follow questions in order.
- 3) Answer all questions. Don’t skip around, as this can lead to an incorrect result.
- 4) This flowchart has been designed and is regularly updated based on guidelines from the RIVM (National Institute for Public Health and the Environment). If you have questions, call 0800 1351 (free of charge, 8h-20h). For more information, please check www.rivm.nl/coronavirus-covid-19 or <https://quarantainecheck.rijksoverheid.nl/en>

START HERE:

When to test:

- If you have symptoms of COVID-19. If negative, do a new test on day 2, (24 hours later).
- If you have recently returned from a very high risk country or one with a variant of concern, check <https://quarantainecheck.rijksoverheid.nl/en>.

When to stay home:

- If you have had a positive test.
- If you have COVID-19 symptoms.
- If you have returned from a very high risk country or one with a variant of concern, check <https://quarantainecheck.rijksoverheid.nl/en>.
- If you are waiting for your test results.

This flowchart was last updated on June 15, 2022.
Please nurse@ash.nl to report a positive case.
